RECOMMENDATION LETTER FOR TONY CAMAROTA

July 18, 2007

To Whom It May Concern:

Tony Camarota worked with our firm as a Graphic Designer from May 23, 2006 to July 13th, 2007. His talents in the graphic design area are sterling. Tony worked well with fellow employees and got along well with everyone.

Tony's design standards are excellent. His attention to detail and layout are very copious. He is very creative and has the ability to think through to the root of the design. The core of what a company or a person wants to portray, their intent at their center is something that he has ability to pull out of people.

His use of color and font are insightful for the specific application the end user wants to achieve. He employs well the use of light and white space with visually engaging graphics to help the reader linger on his work. All this "sells" more either in print or in electronic media.

If you have any further questions, you may reach me at our offices at 530-345-3280.

Sincerely,

A handwritten signature in black ink, appearing to read 'Russ Thyne', is written over a white rectangular area.
